SUMMARY

Passionate about technology and innovation. Drawing on experience as a former Event Organizer, I'm skilled in handling schedules, event details, and solving problems. I'm known for my strong work ethic and being a hard worker, alongside effective time management and good communication skills. Although I haven't worked directly in software engineering before, I'm eager to contribute my dedication and strong work ethic to make a meaningful impact in creating advanced solutions.

EDUCATION

Bellevue College, Bellevue, WA

PROJECTS

- **Rock-Paper-Scissors Game (JavaScript)**

  Created a simple web application for the classic game "Rock-Paper-Scissors" using JavaScript. Ran in a local environment.

- **Small-scale E-commerce Web Application (Flask)**

  First application by framework .Developed a small-scale e-commerce web application using the Flask framework.

- **Weather Application (Django)**

  Built a weather application using APIs with the Django framework. Completed a 5-day workshop conducted by IBM Japan.

- **Travel Management Application (Dango : In Progress)**

  Currently working on creating a travel management app. Plan to integrate social media functionalities, akin to a travel-focused version of Twitter, connecting travel enthusiasts and sharing travel plans.
